

LMR Bundled Cables

Watertight End Caps

Announced February 2009

A new series of improved watertight end caps for use with **LMR®** Bundled Cables. The end caps are constructed with heavy duty ABS plastic shells and 100% silicone rubber gaskets and cushions.

End caps are available in 3 configurations:

EC-BC400-7B

EC-BC400-9B

EC-BC240-12B

Features and benefits:

- UV/sunlight resistant design
- Independently certified to IP-68 for water ingress
- Quick and easy installation (requires only an Allen wrench)

Contact [CDM Electronics](#) for pricing and shipment information.
