

## **CCT-01 (3190-1544)** **Low Cost LMR® Cable Cutting Tool**

The **CCT-01** (part number 3190-1544) is a new low cost cable cutting tool suitable for square-cutting LMR® cables. The **CCT-01** cutting tool is suitable for the entire range of LMR cables from LMR-100A-PVC through LMR-1700-DB. The tool quickly and easily square cuts the cable end making it ready for connector termination and unlike other cutting tools, leaves no metallic residue on the dielectric so wire brushing is not necessary. In addition, the stainless steel blade is replaceable. List price is \$30.00 each.
