### **CDM Electronics Announces New Curated Original Video Series**

Turnersville, NJ, November 14, 2022... CDM Electronics has announced the launch of their new Video Library web page which features new, original videos and includes engaging conversations with the company's subject matter experts.

The new [Video Library](#) web page has original video productions highlighting CDM's core competency product groups and capabilities, including an inside look at CDM's overmolding process and machine shop functions. Relevant and timely product insights are also included for mil/aero, telecommunications and automation interconnects.

"CDM's new video productions allow us to more thoroughly express our capabilities and brand value" said Bill Almon, Vice President of Sales and Marketing, "while focusing on what's important to our customers." The new original video series is also available for viewing on CDM's YouTube channel.

#### **About CDM**

For almost 30 years, CDM Electronics has delivered interconnect product and engineered cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec, DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including RF cable assembly, military cable assembly, power cable assembly, and box builds. The company's ISO and AS9100 Certified headquarters is in Turnersville, NJ. CDM maintains a regional office in Richardson, TX.
